1 - 2001-03 Chrysler Sebring & Dodge Stratus Coupes require 'IAW' series
 2 - Some models are equipped with alloy wheels requiring Adhesive Weights. Many of these wheels are designed without an outside flange. Indicated weight is for inside of rim, use adhesive weights for outside.
 3 - Some models are equipped with wheels that have no outside flange. Use adhesive weights inside the wheel and "mc" weights on the inside flange.
 ** Chrome plated wheels are optional on many models. We recommend the use of Adhesive Weights to prevent damage to the chrome finish.

2 - Some models are equipped with alloy wheels requiring Adhesive Weights. Many of these wheels are designed without an outside flange. Indicated weight is for inside of rim, use adhesive weights for outside.

6 - Some vehicles have substituted US-made wheels. Please verify configuration with EZ-115 gauge.
